PROFESSIONAL SUMMARY

Planning & Contracts Engineer and BSc Civil Engineer with 5+ years of experience across construction, utilities design, planning and contracts, based in Riyadh. Currently Contracts Administrator on Diriyah giga-projects (Six Senses Hotel, Wadi Safar and King Salman Knowledge District), handling FIDIC Red Book 2017 contract administration together with Primavera P6 planning, Extension of Time (EOT) and delay analysis. Previously managed planning and contracts for 15+ concurrent infrastructure and utilities projects, including JV projects with SaudConsult (KSA).

KEY ACHIEVEMENTS

- Administering FIDIC Red Book 2017 contracts on two Diriyah giga-projects in Riyadh: Six Senses Hotel (Wadi Safar) and King Salman Knowledge District (KSKD).
- Managed planning and contracts for 15+ concurrent infrastructure and utilities projects, including JV projects with SaudConsult (KSA).
- Authored 100+ Third-Party Validation Reports for buildings, roads and utilities.
- Prepared EOT assessments using Time Impact Analysis (TIA) and windows analysis under FIDIC Red Book 2017.
- Delivered design, BOQs, tender documents and P6 / EVM reporting for a World Bank-funded programme of approx. USD 550 million.

CORE COMPETENCIES

- P6 Planning & Scheduling
- Resource Loading & EVM
- FIDIC Red Book 2017
- Claims & Quantum
- Tender Documents
- Water Supply & Sanitation
- Baseline & Update Schedules
- Progress Monitoring
- Contract Administration
- Extension of Time (EOT)
- BOQ & Cost Estimation
- Third-Party Validation
- Critical Path Analysis
- Recovery Schedules
- Variation / Change Orders
- Delay Analysis (TIA)
- Bid Evaluation
- Site Supervision

Software: Primavera P6, MS Project, MS Excel, MS Office, AutoCAD
Contract Standards: FIDIC Red Book 2017, SCL Delay and Disruption Protocol

PROFESSIONAL EXPERIENCE

Contracts Administrator **Apr 2026 – Present**
FirstFix KSA, Riyadh, Saudi Arabia
Projects: Six Senses Hotel (Wadi Safar) and King Salman Knowledge District (KSKD), Diriyah Giga-Projects

- Administer FIDIC Red Book 2017-based contracts on the Six Senses Hotel (Wadi Safar) and King Salman Knowledge District (KSKD), Diriyah, covering correspondence, notices, variation orders and compliance tracking across multidisciplinary teams.
- Prepare and assess Extension of Time (EOT) submissions with supporting delay analysis in line with the contract notice provisions and SCL Protocol principles.
- Prepare claims and quantum submissions and review subcontractor claims, identifying contractual deficiencies to support negotiations.
- Maintain contractual records and progress documentation aligned with Primavera P6 schedule data for delay and change events.
- Coordinate with client representatives, designers and site teams to resolve contractual issues on fast-track giga-project programmes.

Planning & Contracts Engineer / Assistant Manager **Mar 2024 – Jan 2026**
Asian Consulting Engineers, Riyadh, KSA & Lahore, Pakistan
JV projects with SaudConsult (KSA) | Infrastructure, utilities and healthcare projects

- Managed planning and contracts functions for 15+ concurrent infrastructure and utilities projects (individual values up to PKR 500 million), including JV projects with SaudConsult (KSA).
- Developed and maintained Primavera P6 baseline and updated schedules, including WBS, critical path analysis, resource loading, progress measurement and progress dashboards.
- Performed delay analysis and EOT assessments using Time Impact Analysis (TIA) and windows analysis under FIDIC Red Book 2017 and the SCL Protocol.

- Monitored progress, milestones and contractor deliverables, and supported recovery scheduling and delay mitigation.
- Prepared and administered construction contracts, addenda and variation orders, and supported contractor claims evaluation and change management.
- Authored 100+ Third-Party Validation Reports for buildings, roads and utilities, covering technical verification and cost reasonableness.
- Prepared tender documents (BOQs, technical specifications, conditions of contract) and evaluated technical and financial bids using structured evaluation matrices.

Design Engineer **Nov 2022 – Mar 2024**

JERS Consultancy (Pvt) Ltd, Lahore, Pakistan

World Bank-funded water supply and sanitation programme (approx. USD 550 million, 200,000+ beneficiaries)

- Provided design, contract and planning support for the World Bank-funded Punjab Rural Sustainable Water Supply & Sanitation Project.
- Performed design calculations and prepared feasibility studies, PC-1 project proposals, engineering reports and cost estimates for water supply and sanitation systems.
- Led BOQ preparation and technical documentation for water supply, sewerage, overhead reservoirs (OHRs) and gravity/pressure systems.
- Prepared and updated integrated Primavera P6 schedules, monitored resource curves and reported Earned Value (EVM) metrics.

Site Engineer **Jan 2021 – Nov 2022**

Imarat Builders, Faisalabad, Pakistan

Residential and commercial building projects

- Supervised structural and finishing works on residential and commercial sites, including layout, formwork, reinforcement and concrete checks against construction drawings.
- Maintained daily site reports, photo logs and as-built records for progress reporting and quality assurance.

KEY PROJECTS

- **Six Senses Hotel, Wadi Safar, Diriyah**: FIDIC contract administration, variations, EOT and claims
- **King Salman Knowledge District (KSKD), Diriyah**: FIDIC Red Book 2017 contract administration
- **King Salman Bin Abdulaziz Al Saud Hospital, Islamabad**: design review and construction supervision, JV with SaudConsult (KSA)
- **Punjab Rural Sustainable Water Supply & Sanitation Project**: World Bank-funded, approx. USD 550 million
- **Surface Water Treatment Plant, BRBD Canal, Lahore**: hydraulic design and Primavera P6 project controls
- **CBD Lahore, TEPA, Parks & Horticulture Authority, UET**: planning, contract administration and third-party validation

EDUCATION

Bachelor of Science (BSc) in Civil Engineering **2022**

University of Engineering & Technology (UET), Taxila, Pakistan | CGPA 3.32 / 4.0

CERTIFICATIONS & TRAINING

- Advanced Primavera P6 (LinkedIn Learning)
- Project Management: Initiation and Planning (L&T EduTech, Coursera)
- Autodesk AutoCAD (Coursera)
